UK Emissions Registry

Tricor plc ("the Company" or "Tricor") is pleased to announce that it has successfully joined the UK Greenhouse Gas Emissions Registry which is operated and maintained by The Environment Agency.

Successful joining of the UK Emissions Registry as a Holding Account allows Tricor to maintain and transfer assets as defined under the EU Emissions Trading Scheme.

Joining the UK Emissions Registry was an operational undertaking that allows Tricor to continue to develop and engage within the environmental assets market.

In due course, Tricor will announce its broker relationship for engagement after the current bids are considered by the board.
